

SAID IN CYPRESS

By Newsy
IN MEMORIAM

"WILLY"

Wilhelm (Willy) the Dachshund, 5376 Lincoln avenue, passed to his reward in dog heaven last Saturday. Having suffered severe pain for the past few weeks from a herniated disc, an ailment common to doxies, Willy was given an assist down the last long mile by a neighborhood veterinarian.

A native of California, Willy began his interesting career, when he was a little under a year old. He was vaccinated, crated and properly labeled and traveled by air to his new home in Ames, Iowa. There he became a familiar sight on the golf course and later, in the pressroom of Iowa State College campus. Some of Willie's most outstanding contributions to the literary world were published during the next few years.

When his family moved to California three years ago, he went into semi-retirement, too, at the age of almost five years. His literary attempts were fewer and farther between, and only once did he appear publicly. That was in the White Gold Day parade in 1950 when he and his mate, Heidi, helped win a prize in the comic division for the ENTERPRISE.

Deceased is survived by three little bitches, Wilhelmina, Katharina and Lena, all of whom live with their owners in Buena Park. Heidi, their mother, lives on a ranch in Oregon. There was another batch of progeny earlier which has been lost track of. Scores of cousins and second cousins are scattered over the Los Angeles area, two of them having found their way to the home of the well-known entertainer, Rudy Vallee.

Probably Wilhelm's greatest claim to a continuing remembrance of him, outside of his undying devotion to members of the Kroesen family, was his self-taught trick of pushing a ball with his nose, and negotiating the rolling sphere so perfectly that it rolled to the receiver's feet. If it would happen to miss, all that was needed was a "Can't reach it, Willy" and he would run get the ball, retreat to an appreciable distance, and redo the trick. This would go on for hours if human endurance could match the dog's perseverance.

Of late, however, the canine was in too much pain to enjoy this lifelong pleasure. His love for playing ball was matched only by the joy he displayed in getting to ride in the car, where he usually sat perched across Dale's shoulders. On his fateful last day, when the screen door was opened and the car sat out in front, man's trusting friend transported his long body with an unusual burst of speed as his short legs mustered strength to reach the automobile which carried him away. Willy was a good dog.

Hold Funeral For C. Baldwin

Charles Dayton Baldwin of Buena Park, formerly of 8531 La Homa st., died Friday in the Veteran's hospital in Long Beach, where he had been a patient for about three weeks. Deceased was born 72 years ago in Mount Pleasant, New York, and came to California in 1927. He

Fun Aplenty In Kids' Play Program Here

Now that the first thrill of summer vacation has worn out and children have done all of the things they saved up all school year to do "when summer" comes, mothers will be glad to remember the summer playground at the school.

Under the direction of W. Visel, regularly employed teacher in the local school system, children of elementary school age may take part in the play and hobby-craft shop activities. Through July and August the program is scheduled for Tuesday, Wednesday and Thursdays. There is easy craft work for the smaller youngsters and some mechanical and electrical (radio) projects for older boys and girls. Games are usually played in the afternoon.

Miss Elizabeth Dickerson, superintendent, suggests that children wear clean, sturdy play clothes and shade hats or caps. Smaller children should be kept home in the afternoons to rest, but may be sent for play in the mornings. Classes run from 9 to 12 in the mornings and until three in the afternoons for the older children.

had been a deputy sheriff of Orange county. He is survived by his wife, Lena.

He was a veteran of the Spanish-American war and was a member of the Cypress C. R. Rogers Memorial VFW Post No. 9847. Grave-side burial service was in charge of the military Wednesday morning in Westminster Memorial park, with Chaplain Miller of the Veteran's administration officiating. Mottell's mortuary, Long Beach, directed arrangements.

LOCAL MAN GETS NEW ASSIGNMENT ON BLDG. JOB

Les J. Hendershot, 8832 Cypress ave., is finishing his work at the new Bloomfield school in Hawaiian Gardens which is scheduled for completion about July 15. Architects on the Bloomfield elementary school job, Kissner, Curtis and Curtis of Los Angeles, have engaged Hendershot as supervisor of construction on a new job in the Costa Mesa school district at a monthly increase in his substantial salary.

Scheduled for construction there are two new schools, an elementary and high school to cost an estimated half million dollars. It will take about ten months for the construction.

Speaker Talks On Wild Life

A deputy warden of the department of fish and game for the state of California told Cypress Kiwanians about many of the interesting experiences he has in his job Monday night.

Mike Keese described the situations in which many of the hunters in the county are caught violating fish and game laws, and also told of the wild life conditions concerning local areas. After he finished his regular talk, Keese answered many questions by members about season changes and hunting advice.

Guests at the meeting were Russell Noe and Richard Hathcock, Jr., while guests from other clubs included Marion Ships of Bellflower, and Ed Logan of Buena Park.

Mr. and Mrs. John Crume and their two children left Saturday for Mrs. Crume's former hometown, Minneapolis, Minnesota. They expect to be away until July 20 from their work at the shoe shop and enjoy a real vacation.

Appoint Don Caul This Years White Gold Celebration Head

New Warning To Register

Mrs. Frank Williams, 9060 Walker street, is again registering voters in the Cypress area. Mrs. Williams states that registrations will be open for the fall election until September 11.

The registrar urges that residents here not wait until the last minute to call upon her. She is available now and the last day's rush can be avoided if people will only take the time to see her before the deadline.

Mrs. Williams lives at the corner of Walker and Bishop streets. Her telephone is Anaheim 60458.

Local Pupils Featured In Dance Pageant

Several students from Cypress participated in the dance pageant presented by the Richards Martin studio in Anaheim last Thursday evening. Anaheim B.P.O. Elks lodge sponsored the event in the high school auditorium for the benefit of its charity fund.

The program was continuous from the time the curtain went up a little after eight o'clock, until after eleven. The stage settings were showy and the costumes little less than gorgeous. Performance of the students throughout the entire presentation, from the tiny tots just beginning to the more finished artistes was flavored with a professional finesse.

Millie Irvin, daughter of Mr. and Mrs. Guy S. Irvin of 8411 Gay street and Edythe Lindley, daughter of Mr. and Mrs. Edward A. Lindley of 5621 Saint Ann ave., were given a feature spot in one of the extravaganzas appearing early on the bill of fare. Four-year old Frannice Harvey, whose parents are Mr. and Mrs. Oren Harvey of 5551 Danny ave., was also included in the cast of the number entitled, "Ziegfield dollies." The two older girls each had solo numbers and were seen in other of the choruses.

Mrs. Grietsma Burial Rites

Mrs. Janke Grietsma of 8097 Moody street died June 30 at home. She was born 69 years ago in Holland, coming to the United States in 1939 and locating in Artesia. She moved to Cypress in 1951.

Surviving are two daughters, Mrs. Dorothy Jorritsma of Cypress, and Mrs. Lucy DeGroot of Artesia; three sons, Dave Grietsma of Bellflower, Pete Grietsma of Cypress and Louie Grietsma of Norwalk.

Funeral services were held Thursday morning in the First Christian Reform church in Bellflower. The Rev. K.E.F.J. deWaal Malefyt, pastor of the church in Artesia, officiated, with interment in Green Hills Memorial park in San Pedro.

Mrs. Evalene Junker and two children, Virginia and Donald Holt, enjoyed a vacation recently with relatives in Tucson, Arizona.

PICK OCTOBER 4 FOR CELEBRATION

Don Caul was chosen this week to act as general chairman for the 1952 White Gold Day, according to Dale Kroesen, Cypress Chamber of Commerce president.

Caul has been active in Chamber work for several years, and has served in many responsible capacities.

Choose Date

October 4 has been tentatively set as the date for the celebration. Final approval of the organizational committee will be needed, however, before it is official. Further checking is necessary in order to ascertain if there are any other celebrations which might conflict in nearby towns.

Letters telling about the initial plans for White Gold Day were mailed to each organization this week, along with a blank which is to be mailed back to the White Gold Day committee. The blank will contain the names of the representatives of each club, and what type of booth and event they plan to sponsor. As soon as most of these blanks are in, Caul intends to hold the first organizational meeting of the representative clubs.

'Copters Train At Navy's Base In Los Alamitos

Having proved itself an invaluable military aircraft in Korea, the helicopter will now be a familiar sight to residents in this area. Squadron HU 771 was recently commissioned at the U. S. Naval Air station in Los Alamitos by the commanding officer.

Navy and marine 'copters have been used for almost every conceivable duty, having spotted hits for artillery, rescued downed pilots, evacuated wounded or trapped troops from hill to hill, to list a few of their accomplishments.

Skipper of the new squadron is Lt. Commander William C. Garrett, USNR, of 7732 Raymond st., Anaheim. Until he was called to active duty for this assignment, he was a special representative of the Southern Counties Gas company.

SANTA ANAN WINS COURT LAW SUIT

Judgment for \$4000 was granted by Superior Judge Raymond Thompson to J. A. Ontjes of Santa Ana, against Mr. and Mrs. Floyd R. Pike, former Cypress residents, in connection with a promissory note.

Ontjes also had sued J. T. (Mack) McGee, Cypress livestock dealer, but judgment was granted only against Mr. and Mrs. Pike.

Ontjes had sued for \$2500 principal plus \$3000 interest claimed to be due on the note, which was secured by a chattel mortgage on livestock. McGee had handled the sale of the livestock for the Pikes, but it was shown at the trial that he had turned the funds over to them.

NO CUT POSSIBLE?

The quadrennial "war" on the homefront which we call the Presidential campaign is centering more and more on Federal spending. Both leading Republican candidates contend that expenses can be slashed. Democratic hopefuls agree with President Truman that it can't be done.

First off, no one will reasonably argue that we can build up the country's defenses without spending more money than before the rearmament program began. War and the preparation for war are expensive. But they needn't be scandalously wasteful as has been shown in numerous instances. The Armed Forces have been known to buy certain supplies enough to last for more than 100 years. It is also reported that \$2½ million is being spent to educate officers in civilian law schools when more than 3,400 officers with law degrees are now on active duty not connected with legal work. The insistence on greater efficiency in spending the military dollar would surely result in saving more than a few cents.

On civilian expenditures, the fact that the Government has more than three typewriters for every one person employed for typewriter work, and that supervisory personnel in at least one department was almost equal to the number of employees—these indicate that economies would not be hard to achieve if a genuine effort were made.

Some people contend, with considerable logic, that the Federal Government will never cease its wasteful ways until a ceiling is put on its tax power. This cannot be done during a national emergency, but when the present crisis is past the demand will surely be for restrictions of some sort. Our spending spree is bound to have a "morning after"—unless we face it the "night before".

—Calif. Commentator

KOREA — ANOTHER YEAR

Whatever it is that we have in Korea—a police action, a war or a tragic unpleasantness—we've still got it after two years of trying to get rid of it. Indications are that it will be with us for some time yet.

Ever since that morning of June 26, 1950 when the Northern Koreans started their attack the battle has raged both over there and over here. It has been fought on the hills and in the rice paddies of that unhappy country, in the truce tents first at Kaesong and now at Panmunjon, in Washington and in every other city and hamlet in America. Few issues have aroused sharper controversy and deeper bitterness, both here and abroad.

There is no foreseeable way to bring an end to the struggle. Certainly, it is clear that the so-called truce talks will not do it. It is also obvious that we are not prepared to launch an all-out offensive to bring a decision, nor could we be sure that such an effort would achieve the desired end without completely exhausting our resources.

The war in Korea would never have started if we had kept our troops there. But unfortunately, we can't go back and change honor-mistakes. Having left the door open to aggression we could honorably do nothing less than help stem the tide of aggression. It has been costly and the cost goes on. Yet, in spite of the cost, it may well be that we have forestalled a much greater loss in a larger war by taking up the challenge in Korea.

* * *

What this country needs is fewer experts to tell us what this country needs.

—California Commentator

I RISE TO REMARK

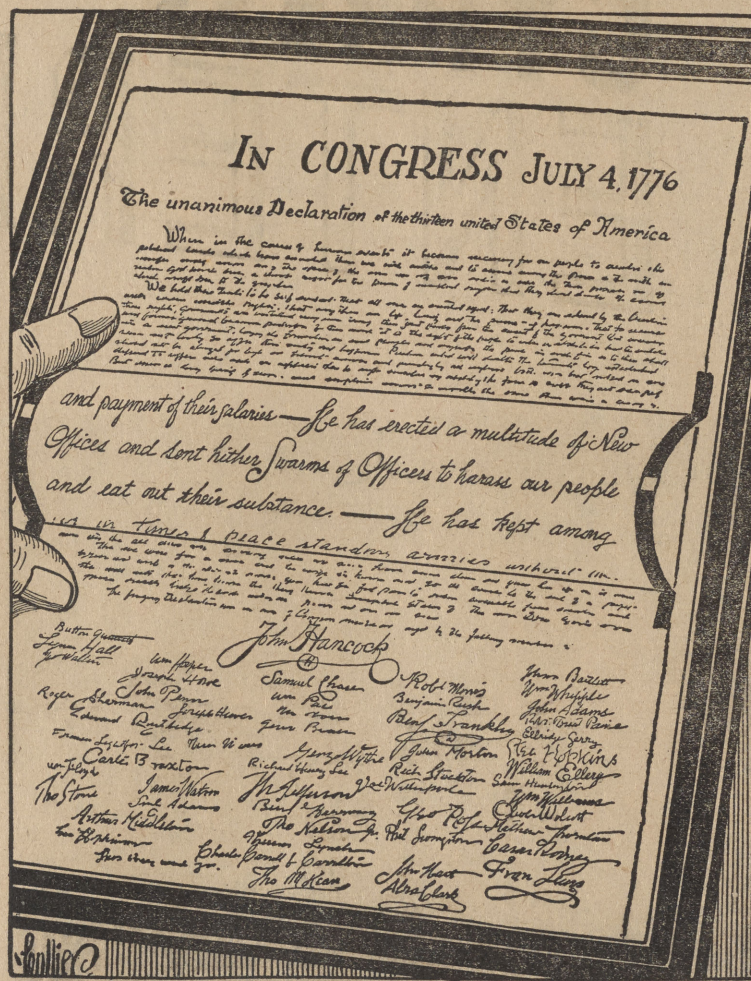

By JOHN PHILLIPS

We continue to spend your money. The military forces use an electrical socket. It is a stock item. I understood the manufacturer to say the other evening that, when bought by, say, the General Electric Company, it costs \$70. per thousand, and the packaging costs an additional \$50. When bought by the military (using your money) the sockets still cost \$70. per thousand, but the specifications for packaging, which accompany the order, increase that cost to \$240.90. No, the typesetter did not make a mistake; that figure is \$240.90 to

the military; \$50 to anyone else. This, as you should by now understand from these weekly letters, is what is known as "national defense" and is what the President says the Congress can not cut one dollar without depriving our fighting forces in Korea of guns and ammunition. How long will the American people suffer this situation to exist?

The military also needs surgical brain forceps. An order was placed with a firm manufacturing them. The firm wanted a sample. It tried the three surgical supply houses

1776 — A FAMILIAR RING! — 1952

most likely to have them. In each case the reply was, sorry we haven't any in stock; we only sell two or three in a year. So how many have been ordered by the military? 200,000. Well, 200,000 of this rarely used item should last us at least until we decide whether or not there is a "war" now going on in Korea.

Monday morning of last week, my subcommittee met to listen to a supplemental request for money for the atomic energy program. The request is for \$3,341,000,000. That, to anyone who has to earn his own living, is a considerable sum of money. For two hours, the Atomic Energy Commission chairman, flanked by an additional 21 members of his staff, and other experts, explained to the 7 members of the subcommittee, flanked by two committee clerks, and by no other experts at all, why this money was needed so suddenly that we had to consider it in the last few days of the session. Boiled down, the idea was that we must step up the atomic energy program, and that certain new developments, in both production and weapons, make this additional expenditure desirable now. Much of the testimony was necessarily confidential. We were referred to the Joint Chiefs of Staff for information on the necessity of the program. At 1:30 we came back and listened to the chairman of the Joint Chiefs of Staff. The testimony was that he approved the expenditure. On inquiry by your Congressman, on the proposed costs of the program, he referred the subcommittee to the Atomic Energy Commission, saying that he had no knowledge of the financial details.

At 2:30, we listened to the deputy administrator of the C. I. A. (who happens to be the brother of the peripatetic John Foster Dulles), who declined to give the subcommittee any information at all. We thought if this increase was so urgent, someone, somewhere, might be willing to point out the reason for the urgency. The C.I.A. is the agency Congress set up (and which gets its money from the Appropriations Committee) as a clearing house for all intelligence services.

About 3:30 (although not on so accurate a timetable as I now indicate) we had in the TVA, which also arrived en bloc, with the usual accompaniment of charts and maps. The money requested will build new steam units in the TVA program. Four years ago, we argued loud and long over adding one steam plant to the TVA program. The original idea was to develop hydroelectric power. The one steam plant was to protect a steady flow of current. When the

proposed facilities are completed, 62% of the TVA power will be produced by steam plants. When the camel gets its head under the tent, it isn't long before he shoves his body in and takes over.

Well, out of all this, and a further hearing with the AEC on Tuesday morning, we gathered a minimum of detailed information.

To my surprise, only one member of the subcommittee was willing to act favorably on the request, without more information. This is encouraging. Maybe the grass

Special Deer Season Open

The California Fish and Game Commission has announced special deer seasons to be held in Southern California this year and next. The tags will be issued for a fee of \$1.00 on a first come, first served, basis at 9:00 a.m. on July 19, 1952.

A total of 500 tags will be issued on that date good for a season open between January 3 and 18 in Orange county. Tags will be issued at the Orange county fair grounds south of Santa Ana, the doors opening at 9:00 a.m. The season is for buck deer only.

Several conditions must be met for an applicant to be eligible. He must be a resident of California and possess a valid hunting license. Hunters shall surrender their application for special hunt which are attached to regular deer tags, when they receive their permit for this hunt.

Hunters who have previously obtained special hunt permits for 1952-53, are not eligible to participate in this special open season.

Licenses and deer tags are on sale in Buena Park at Pete's Sporting Goods and Buena Park Hardware.

roots are being heard from, after all. So next Tuesday, before you read this, we will be back at work. Seven hours really wasn't very long to spend on \$3,341,000,000!

It is the system that is wrong, not the intent of the agencies. They operate under the same pressures the subcommittee does. There is one very simple way to correct this situation. No other way will do it. This way was provided in the Constitution. It is called an "election." The next opportunity will occur on November 4, 1952.

POWER OF GOD SHOWN IN CHRISTIAN SCIENCE LESSON

The Sunday Lesson-Sermon on the subject of "God" in all Christian Science churches explains and illustrates how the understanding of His ever-presence blesses and heals mankind.
The Golden Text from Revelation (21:3) reads, "Behold, the tabernacle of God is with men, and

Well Known Young People Recent-Weds

Choosing the Buena Park Congregational Church for their wedding, Miss Barbara Allen Boos, daughter of Mr. and Mrs. Harold Boos of Midway City, exchanged marriage vows with George Lawrence Corey, son of Dr. and Mrs. Arthur F. Corey of San Francisco, on June 29 at 4 o'clock in the afternoon. The Rev. C. Fred Schroeder, pastor of the Friends' church of Midway City, officiated with the single ring service.

Escorted by her father down the white covered aisle, the bride was lovely in a gown fashioned with a nylon lace bodice and a skirt of tiered ruffles of nylon net with a slight sweep. Her finger tip veil draped over a lace cap. She carried white orchids.

Miss Joan Corey, sister of the bridegroom, was maid of honor. The bridesmaids, Judy Boos, sister of the bride, Ardis Stewart and Donna Myers of Whittier, wore nylon net in lavender. All four attendants carried yellow carnations as did the little flower girl. Leanne Potts of Midway City. She also wore lavender net.

Stanley Corey of Burbank was his brother's best man. Paul Boos, brother of the bride, Michael Myers and Larry Benedette of Whittier were the ushers.

Mrs. Boos chose pink nylon lace and Mrs. Corey champagne silk to wear as they greeted the 225 guests at the reception held in the church hall. Their identical corsages were of white baby orchids.

The new Mrs. Corey was wearing a suit of brown and beige when she and her husband left for a wedding trip to Yosemite National Park.

The bride is a graduate of Huntington Beach High school. The bridegroom attended Santa Ana and Pasadena high schools. He served in the army for a year and a half, stationed in Japan. Both were graduated in the class of 1952 from Whittier College. They will live in Delano, Kern County where both have teaching positions for the coming year.

The bride's father was principal in the Cypress elementary school many years ago. The groom's father was formerly principal of the Buena Park schools, later becoming assistant county superintendent of schools in Orange county.

he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God."

Matthew relates that Jesus said to the man sick of the palsy, "Son, be of good cheer; thy sins be forgiven thee." The scribes, who stood by, "said within themselves, 'This man blasphemeth. And Jesus knowing their thoughts said, 'Wherefore think ye evil in your hearts? . . . (then saith he to the sick of the palsy,) Arise, take up thy bed, and go unto thine house. And he arose, and departed to his house." And the multitudes "glorified God, which had given such power unto men" (Matt. 9:2-4, 6-8).

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures": "Having one God, one Mind, unfolds the power that heals the sick, and fulfils these sayings of Scripture, 'I am the Lord that healeth thee,' 'I have found a ransom'" (p. 276).

June Permits Over Last Year

Building total in the county for the month of June was \$2,295,093, and for the year to July 1 it was \$12,744,453.

The week's building permits for Buena Park included a \$10,400 residence for Samuel Cohen at 6691 Western, and a \$7168 permit for Ran Swift at 7872 Eighth st. Stanton permits totaled \$17,970, and Cypress permits \$8728.

The June permits represented a decrease of four per cent as compared to the month of May, but were 69 per cent above the total for June, 1951. There were 187 single-family dwelling permits during June, representing a valuation of \$1,802,865. Three multiple-family residences were valued at \$42,972. One motel permit amounted to \$12,800.

In the commercial field, there were four office buildings totaling \$25,384, two industrial buildings totaling \$46,000, four store buildings totaling \$58,771.

The 1951 total valuation to July 1, represented by 2468 permits, was \$3,610,398 higher than the total for the first half of 1951. There were 540 more permits issued during the first half of this year.

Mr. and Mrs. E. L. Robinson, 8771 Miller street, returned home Sunday after three weeks visiting in Missouri, North Dakota, and Iowa. They stopped in Lamar, Colorado, where they were the last patrons of Mr. and Mrs. Voris Langdon in the filling station they had just sold. The Langdons' are the parents of the Robinson's son, Edwin's, wife.

He is now executive secretary of the California Teachers' association, with headquarters in San Francisco. The young people have lived in this vicinity most of their lives.

ROY LINDS HAVE GUESTS FROM SEATTLE FOR SUMMER

Guests of Mr. and Mrs. Roy Lind and Mrs. Ruth McLaughlin are Lind's sister, Mrs. Norman Barker and children Carrol 7, and Steven 6, of Seattle, Washington. They will remain for most of the summer.

The Linds and Mrs. McLaughlin recently moved from 5881 Grand ave to 8601 Lincoln blvd. Mrs. Barker is caring for baby Gary Roy Lind while the others operate their cafe business.

Ralph Mason, son of Mr. and Mrs. Boyd Mason of Buena Park, but formerly of Cypress, is home on leave from the navy following his finishing boot training in San Diego. Tommy Mason, who has been on furlough from the army, got a five-day extension in order to be home with his brother.

NATIONAL SAFETY COUNCIL

Among the 2200 crewmen serving aboard the battleship USS Iowa in Korean waters is Lee W. Fairchild, chief boatswain's mate, USN, husband of Mrs. Louella M. Fairchild of 11131 Langly dr., Los Alamitos.

REMODEL BUILDING

The Norlands at the Rain-Way Sprinkler company, have given the front part of the plant a remodeling treatment. The large show room has been divided into two parts. The east side will be oc-

cupied by the assembly and packing department while the west side will be the show room and office.

This makes a nice improvement for the conduct of Rain-Way business.

KATELLA ROAD GETS NOD FOR IMPROVEMENT

Improvement of Katella road between Highway 39 at Stanton and Lexington st. at the east gate of Los Alamitos naval air station, is on the planning boards of the county road department, Commissioner Harold Sprenger announced today, estimating the cost at \$160,000 or more.

The road will be surfaced for two 12-foot traffic lanes, with eight-foot shoulders, he said. Sprenger said he was not certain that there would be sufficient funds available to complete the improvement along the entire three and a half miles of the route.

The federal government has approved Katella road for financial aid as a secondary route, and application has been made for funds. Priority for such aid goes to the Bristol street extension from Santa Ana southward, and there may not be enough money left for all of the Katella road project.

Your electric service--- a "miracle" in the American way!

When the first central electric generating plant began operating in this country, its customers paid twenty-five cents per kilowatt hour for the electricity it produced. If the price were the same today, your household electric bill would be something like \$410.00 a year.* But the electric industry has built many millions of dollars worth of facilities, developed new ways for electricity to make your living better—and reduced your cost to a mere fraction of what it was. That's a miracle of accomplishment—probably the best example of what can be achieved by private enterprise at work.

*The average annual consumption of electricity per domestic meter in Edison territory is approximately 1640 kilowatt hours.

"Edison electricity is your best buy—you can depend on it!"

POWER POINTER

ORANGE COUNTY FAIR WANTS AMATEUR TALENT

The Orange County Fair is looking for talented amateurs wanting to strut their stuff on the stage at the free, outdoor show to be presented throughout the day during the 1951 event scheduled for Aug. 13-17, inclusive, at fairgrounds on former Santa Ana Air Base.

Many of the dance studios and musical groups from the surrounding area are already planning to participate in the programs.

There are still spots open on the daily programs for the appearance of good dancers, singers, musicians, acrobats, jugglers, magicians, comedians and even animal acts and other types of stage specialty features.

Those interested should contact Joe Wallace of Santa Ana, manager of special events, at the Orange County Fair Grounds, 20391 Newport Blvd., Santa Ana, Calif., for audition and program schedule. Phone: Kimberly 3-8215.

Mr. and Mrs. Henry Muesse and children, and his parents, Mr. and Mrs. A. R. Muesse, enjoyed a trip to New Mexico recently. They were gone about two weeks and spoke particularly of the heat in Tucumcari when there.

Time Limit Imposed On Park Campers

"Last year's crowds and an expectancy of greater numbers of visitors in camping parks this year has forced us to recommend 10-day camping limits in certain of the most popular State Parks for the coming summer", Newton B. Drury, Chief of the Division of Beaches and Parks stated today. "This represents", Mr. Drury said, "an attempt to provide outdoor recreation to a greater number of families than could otherwise be accommodated with present facilities."

"This step", Mr. Drury added, "is not an arbitrary one, but is partially a result of requests from the public themselves, who feel that the benefits of the highly popular recreation areas should be extended to more people. We are doing our best to take care of the increased demand for camping and picnicking in the parks by stepping up our acquisition program, and adding facilities where possible. We have to be careful, however, not to crowd our development to such an extent that the natural attractiveness of the parks is lost. This would destroy the original purpose. People would do well to consider lesser known parks, in the light of attendance reports, where they will find equal opportunities for vacations without crowding. This Division will be glad to furnish information on specific areas."

The State Park System consists approved 10-day camping limits for the following especially popular State Parks.

Richard Grove State Park, Humboldt County; D. L. Bliss State Park, El Dorado County; Armstrong Redwoods State Park, Sonoma County; Carpinteria Beach State Park, Santa Barbara County; Doheny and San Clemente Beaches State Parks, Orange County.

The State Park System consists of 50 parks, 43 beaches and 21 Historical Monuments. 1951 attendance in State Parks where camping and picnicking are available showed a gain of 15.2% over attendance in 1950. A greater increase for the same period of 25.4% was shown for the Historical Monuments in the Park System.

A total increase in attendance of 45.8% for all units of the California State Park System was recorded and estimated for 1951. In all, 42,169,937 visitors were reported in 1951, as against 28,924,667 for 1950. This tremendous increase was largely due to increase in estimates and counts for some of the south coast beaches, many of which are owned by the state but operated by cities and counties under a lease agreement. This attendance figures are furnished by the administering agencies. These totals indicate that the popularity of California's State Park System continues to increase.

July Offers Plenty of Fun

July in the Southland is going to be a month of festivals — an art festivals with "living" masterpieces, a beach surfestival with a caliope, and a midsummer festival of drama.

This was revealed today by the month's calendar of colorful events assembled by the All-Year Club in its work of building up the area's half billion dollar tourist vacation business.

Laguna Beach holds its famed Art Festival July 26 - Aug. 10 with nightly Pageant of the Masters wherein authentically costumed artists pose against painted backgrounds to reproduce "Pinkie" and other famous works.

Venice holds the surfestival July 18-20 on its 600-foot wide new beach. There will be bathing beauty and muscle boy contests, swim races, and parades featuring five old Al G. Barnes circus wagons including the caliope.

Pasadena Playhouse, famed State Theatre of California, is underway with the Midsummer Drama Festival featuring "Great Americans," of which the first is George Washington in Maxwell Anderson's "Valley Forge," followed by "Ben Franklin" July 10-20.

Santa Barbara holds its 16th sportssailing and speedboat racing, swimming, fishing derby, water skiing, golf, tennis, riding, bike racing.

Alhambra celebrates the friendliness of San Gabriel Valley with the 7th annual Hi Neighbor Week of aquacade, barbecue, street dance, and sports, July 20-26.

Hollywood Bowl "Symphonies Under the Stars" open July 15, and in San Diego's Balboa Park the summer "Starlight Opera" opens July 3 with "Show Boat."

The famed La Jolla Tennis Tournament will be held for the 36th year, July 8-13.

Huntington Beach assembles one of the most colorful parades in the area for its Cavalcade July 4-6.

Montebello holds its Community Fair July 23-27 with the queen contest winner receiving not only fame, but two roundtrip air tickets to anywhere in U.S.A. and Mexico.

At Carpinteria, July 29-Aug. 3, ranchers hold a Lemon and Avocado Festival with lemonade from fresh picked lemons, avocado spread on crackers, and a big lemon as a souvenir.

Beautiful estates of La Jolla are open for tours July 12. Summer garden tours of Santa Barbara estates start July 11 and last until October.

The Old Globe Theater in San Diego's Balboa Park, replica of a London showplace of Shakespeare's days, is the site of the annual Shakespearean festival of plays and pageantry July 16-Aug. 30.

Best riders come for the Lompoc Rodeo July 4, in the heart of the Rainbow Farms, 2000 acres of commercial seed flowers.

On a triangular course off San Diego, the PC National and the International 110 Southern California Championships will be sailed July 4-6.

BUENA PARK K OF C HAS GOOD ATTENDANCE AT HOLY COMMUNION

Members of the Buena Park Knights of Columbus Council No. 3526, received Holy Communion in a body at the 8:30 o'clock Mass Sunday, June 29th in St. Pius V Church for the first time since organization. The Mass was followed by a breakfast in the Parish Hall for members and families and their friends. Approximately 225 people were served breakfast within a half hour. This was accomplished by the able committee in charge of Larry Langill.

An appropriate program was arranged by Herb Procter who introduced the distinguished guests from Long Beach Council, who were Leo G. Cassidy, Deputy Grand Knight of Council 987 and State Athletic Chairman George Zuckner.

The honored speaker was the National Grand Lady of the Ladies of Columbus, Mrs. Olive Zuckner, who gave an interesting account of their organization in Catholic Action and Americanism. The Grand Knight, Thos. G. Kasprzyk presented the 3rd degree certificates and gold pins to forty members who recently were initiated in the Major Degree.

Seven young accorderionists from a well known Music Studio of Norwalk rendered gay and enjoyable music for everyone's pleasure. Also outstanding in entertainment were the beautiful vocal numbers by Mrs. Louie Aguiar, soprano, of Los Alamitos who sang "Ave Maria" by Rosewig and the popular ballad, "Your Eyes Have Told Me So" accompanied by Mrs. T. G. Kasprzyk.

WIN IN SOFTBALL

Cypress Baptist exploded for six runs in the first inning and rallied for three more in the seventh to defeat Stanton Community, 9-6, in the first game of a Church League double-header Tuesday night at City Park.

Roger Seims Receives Degree

Receiving the degree of Bachelor of Science at California State Polytechnic College San Luis Obispo last week was Roger Douglas Seims, son of Mr. and Mrs. Ted R. Seims, 8651 Hansen Road.

A graduate of Anaheim Union High school, he attended elementary school in Centralia district. He majored in agricultural engineering.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF ORANGE

In the Matter of the Ascertainment and Establishment of the Standing of the CYPRESS ENTERPRISE as a Newspaper of General Circulation.

No. A-21730
NOTICE

NOTICE IS HEREBY GIVEN that the undersigned publisher of the CYPRESS ENTERPRISE has filed a petition in the above-entitled court alleging in substance that the CYPRESS ENTERPRISE is a newspaper established, printed and published at regular intervals for the dissemination of local and telegraphic news and intelligence of a general character; that said newspaper has been continuously established and in existence under that name for at least one year; that said newspaper has a bona fide subscription list of paying subscribers; that said newspaper has been both printed and published in the County of Orange, State of California, for at least one year preceding the filing of said petition.

NOTICE IS HEREBY FURTHER GIVEN that petitioner intends to apply to the above-entitled Court for an order declaring said CYPRESS ENTERPRISE a newspaper of general circulation within the County of Orange, State of California and that said application will be made to Court in Department No. 3 thereof at the courthouse in Santa Ana, California, on the 12 day of September, 1952, at 10 o'clock A. M., or as soon thereafter as counsel can be heard.

COUNTY COMMENT

By GEORGE E. HART

Credit the Izaak Walton League of Orange county with delivering a hard blow, of nation wide force, against the Central Arizona project.

The weapon used was the Izaak Walton League of America, widely known and influential organization dedicated to conservation of wildlife, also conservation of natural resources, including soil and water.

At its national convention in Tulsa, Okla., last month, the Izaak Walton League passed a resolution condemning the Central Arizona project as economically wasteful and an unjustified financial burden upon all sections of the country for the benefit of a few users in Arizona.

That resolution was drafted by the Orange county delegation.

It received a valuable assist from Prof. Raymond V. Moley, the chief convention speaker, who started out with Roosevelt and the New Deal but couldn't stomach either and soon quit the administration.

The Orange county Ikes craftily decided not to present their resolution themselves, feeling that the convention would think it was merely a hassle between California and Arizona over water rights. As a matter of fact, the local Ikes, true to their organization's principles, did not promote the resolution on the basis of water rights at all, but purely on conservation grounds—that the project would be wasteful of natural resources, economically unsound and unfairly saddling other states with fantastic costs for the benefit of a few users in Arizona.

They got the Colorado delegation to present the resolution to the resolutions committee. There appeared to be no great enthusiasm in the committee over the resolu-

tion, some evidently regarding it as just a water fight between two states.

Then Prof. Moley made his speech. He was not aware of the pending resolution but his remarks could not have been better timed or better aimed. He tore into the Central Arizona project and left it in shreds. And he hit it from exactly the same angle that the Orange county resolution hit it—it's unsoundness, unfairness and waste.

Following Moley's speech, the resolution came out of committee like a shot and boomed through the convention with unanimous approval. A Colorado resolution, of course.

Moley, incidentally, said that cost estimates for the Central Arizona project as announced by the Department of the Interior, fantastic as they are, still are far below the true costs. Arizona's share would be infinitesimal, compared to the share of other states. California, for example, would have to pay \$78,000,000 (Department of Interior estimate) for allowing Arizona to grab her water rights on the Colorado.

* * *

It is worth noting that the Izaak Walton League of California, still consistent, is looking askance at engineering proposals to develop the Feather River project at the expense of the entire state, for the benefit of Southern California.

The League is inclined to doubt the economic feasibility of the project in the first place, but in any event disapproves forcing one section of the state to pay for something that only benefits another section of the state, even though most of the League's membership is in Southern California.

Lynx Take Two Games

Kansas City and Monrovia both fell at the hands of the Lynx last week when they ran wild at Fullerton to beat Kansas by a score of 9-0 and to edge Monrovia 1-0.

Kansas City

The Barnstorming Dons aggregation seemed to have a run of bad luck chalking up 6 errors, three of which came in the last inning allowing 4 runs to cross home plate. In the second frame the Lynx scored two runs on an overthrow to second and Beverly Meissen scooted all the way home on her bingle.

Again in the fourth they chalked up two more, in the fifth one more and finally in the sixth on 4 hits and the three errors made a record of four more.

Joan Alsop took the hill for the Buena Park team, pitching brilliant ball and allowing only two hits. Mary Whitney caught. The Lynx tallied nine hits.

Monrovia

A tougher job faced the hometown nine last week as they were only able to connect for three hits off of Nonie Hoehn, Owl hurler, to earn one run.

It was in the fourth inning that Broady walked and Bobbie McDaniel connected giving her free wheeling to home.

Not to be out done, however was Tommie Slappey who pitched a sensational game allowing only two hits with no runs. Fielding gem of the evening was a running catch in left field made by Bev Meissen.

Batteries Hoehn — Barnes Owls; Slappey — McDaniel Lynx.

Give Lessons In Driving In Anaheim

Driver training classes are being held this summer in Anaheim at the high school for those who desire to learn to drive. One class is in progress now, with the second one to begin July 15 and run to July 30. The third class begins August 18 to August 29. Each class lasts for an hour and a half, and the schedule begins at 7:30 in the morning through to 4:30 in the afternoon.

Registration must be made in person in Room 1 of the AUHS administration building.

Driver training is taught in the dual-controlled Chevrolet furnished the school by Cone Brothers by the regular driving training instructor, William D. Hicks. The cost is \$3.

Nolan Blackman, popular high school vocalist, had a spot on "Your town's talent" TV show Tuesday evening over Channell 11 at 9:30 o'clock.

REGULAR MEETING OF VFW AUXILIARY ON MODAY NIGHT

Business slated for the July 7 meeting of the C. R. Rogers Memorial VFW auxiliary will include election of a new junior vice president. Mrs. Castella Rogers resigned the position at the last meeting, stating that she would be away from Cypress for most of the summer.

Refreshment committee selected for the month of July at the last meeting include new members, Mrs. James Stead, Mrs. H. J. G. Kreissler and Mrs. Frank Buzzo.

Mr. and Mrs. John Erkeneff, 8772 Cypress ave., their son Dennis and her mother, Mrs. Mary A. Bettencourt, left Wednesday night for San Francisco, Seattle, and Montana. They will also visit Yosemite before returning in about three weeks.

Classes Now In Swimming At Anaheim

One of the most important accomplishments to be mastered in early childhood is the ability to swim. Cypress boys and girls are fortunate in that they have this opportunity available for a nominal fee. Anaheim's municipal plunge in City park has regular swimming instruction classes on Tuesday through Saturday each week at a charge of 10 cents per lesson. Instructors are Pat Booth, Gretchen Glover and Jerry Schmitz. Pupils may enter the classes at any time or drop out at any time. Roll will not be called until after the first examinations.

Dick Glover, instructor and program director at Anaheim Union high school plunge which opened June 30 for swimming lessons, said beginning students from the city plunge are passed on to his classes as soon as they have passed their elementary swimming requirements. He is assisted by Joe Critchfield and Gerie Glover.

Glover's wife, Mrs. Emily Glover, is a first grade teacher in the elementary school here. Gretchen and Gerie are their daughters.

**WOMEN'S CLUB
MEETS JULY 8
ON BISHOP ST.**

July's meeting of the Cypress Women's Community club will be hosted by Mrs. Elmer V. Corby in the home of her daughter, Mrs. John Boyd, at 5262 Bishop st. Mrs. Corby will be assisted by Mrs. Clarence "Bud" Southfield and Mrs. Burt Kroesen.

The business meeting will be preceded by a dessert luncheon. The meeting will be held Tuesday afternoon, July 8.

MAN FROM GLENGARRY

A Book Review
by "Sargum Sprout"

It surely is refreshing to meet an old friend and talk about the days of yesteryear. Browsing through my library, I caught sight of the "Man from Glengarry". Years and years ago Ralph Connor was my favorite author. Ralph knew well that diamond in the rough people of whom he wrote. Civilization has driven that sort of people out of the known beats of our present day writers.

A bit of Scotland was transplanted into the Canadian forests: that bit of Scotland Walter Scott told about in his "Lady of the Lake." These men were giants of men, developed by the hardships of the severe winters and frontier living. The religion was just, solid and uncompromising. They worked hard, played hard and lived by hard principles.

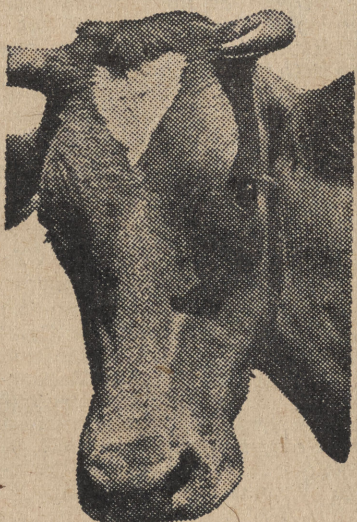

The man from Glengarry fought his way from the shadows of the great forests to the management of a great lumber concern. The way was rough and tough and is described as only Ralph Connor can describe the great out-of-doors. Ralph knows something about the Bible and the iron bound faith of those hardy men. Perhaps it would give you something to think about should you get acquainted with the man from Glengarry. He carried his faith into his business and made it pay off. It is not a "preachy" book, though it does play up the advantages of a faith that will stand the test.

The "parson" talked from the heart and backed up his talk with "justice" and justice is said to be blind. Yes, if you want to get a glimpse of honest, hard people, yet kindly and generous, read the "Man from Glengarry." The polish of almost a century is off. If you wish to compare, you will distinguish the venire, the subtle covering over of the social, business and religious life of modern civilization.

(Ed's note: We are indebted to our old friend and former publisher of the newspaper for the foregoing book review in the style which W. C. Miller does so well. Stop him on the street the next time you see him and tell him you liked the review, too.)

Frank Ferreira is home on leave from the army. After a few days here with his family, Mr. and Mrs. Frank Ferreira, 9312 Grindlay, he will report for duty on the east coast. A cousin, Joe Ferreira of Bellflower, arrived home from Korea. He was one of the group with the army general who was kidnaped as they stood before the gates of the enemy.

Seroka's Triple Wins Game For VFW

A screaming drive into right field by Walt Seroka brought Jeff Jeffrey and Ray Valencia home to score the two runs which won the Cypress VFW-Cyclone softball tilt Wednesday night. The count was 2 to 0.

That first inning foray was the only scoring of the game. Seroka's triple was one of four hits garnered by the locals. Other players tagging the ball for base hits were Bill Rogers, Jeffrey, and Mike Gilbertson.

The win gave the VFW a firmer hold on its second place spot in the Anaheim City League.

BURGLARS GET 1-15 YEARS FOR B. P. ROBBERY

Escaping classification as habitual criminals, which would have meant a life imprisonment, Marvin Wesley Autry, 32, and Erwin Leon Bell, 31, Long Beach men with long criminal records, pleaded guilty last Friday to the \$2816 safe robbery of the Buena Park Lumber Co. June 3. They waived legal time allowed them to receive sentence and be sent to prison.

Judge Robert Gardner, who had ruled that their offense was burglary of the second-degree, immediately sentenced them to the Chino prison for from 1 to 15 years, and they were started on their way the same day.

Autry and Bell were bagged by two deputy sheriffs just after robbing the Buena Park safe. The deputies became suspicious of their parked car and waited beside it until they appeared with the loot from the safe.

Don Williams, who was seriously injured in an automobile accident a few weeks ago near Ensenada in Old Mexico, is home at his parents', Mr. and Mrs. Frank Williams, 9060 Walker st. Visitors during the past week with the Williams' were two daughters, Mrs. Bill Nelson of Ventura; Mrs. Stan Geiver of Long Beach; and Mrs. Williams' sister and husband, Mr. and Mrs. George Crothers and daughter, Linda, of Bishop.

BAKERY TEAM BESTS MERCHANTS MONDAY EVENING

Art Altheide pitched a two-hitter as Davis Bakery defeated Cypress Merchants, 2-0, in a City League game Monday night at La Palma park.

Altheide fanned 14 and was in trouble on in the sixth inning with one out and two, but he extricated himself with two strikeouts.

Del Martens paced the four-hit assault by driving in one one run marker and scoring another in the two-run first inning. Also collecting singles in that frame were Marvin Fluege and Dale Wolein.

After the first frame, Merchant pitcher Tom Ritchie allowed only a hit by Martens.

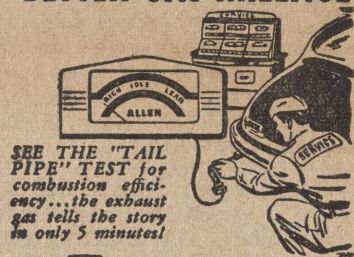

Mr. and Mrs. Sam Miller, 5352 Lincoln ave., have had as their guests a nephew and his family, Mr. and Mrs. Everett Shoemaker and two small daughters of Winona Lake, Indiana. The visitors brought with them tape recordings of relatives they have stayed with en route on the trip, and took along more from the Millers' as they departed for more vacationing in the northern states.
